It does not have my neighborhood or the northern areas of the city. Kinda disappointed really. I want my money back, but to send back just a map is bleh to think about...so here is this review instead. Critics of this review saying I should have looked at the pictures to make sure...the cover art of the map has the look of something that would seem to suggest it's quite a normal, conventional road map of the entire city of DC. There are other positive reviews on here that say they are glad it's waterproof or something? Did I get a later cost cutting version of this product?TL: DR; Bought a map, somehow a managed to disappoint me.0 of 0 people found the following review helpful.
