After I picked it up and started using it, I understood why. I had no choice but to come to and make the purchase. I will probably get the Spanish version as well. Would love to see this in Swahili and Mandarin.3 of 3 people found the following review helpful. Cute and harmless French phrasesBy E. CaspariMany French slang books go too far for most classrooms. As advertised, this one is suitable for the younger crowd, who will love the illustrations. It is cute, but leaves out the risqu expressions so common in the majority of French slang books. I have an old copy of this edition, but if you are buying today, be aware that the newer edition comes with a CD.5 of 5 people found the following review helpful. Praise for Way Cool Phrase BookBy rubytuzI'm a French teacher and I love this book. The illustrations are great and the vocabulary is fun. Some exercises to practice the phrases would nicely complement the book.
