She said it's easy for her to use and she loves it.0 of 0 people found the following review helpful. excellentBy reneexcellent0 of 0 people found the following review helpful. KidsBy Kimberly StaplesI was expecting a better reference book. It was elementary but way to elementary for me. I was hoping for high school or freshman words. The thesaurus was just on the same as the dictionary. It is good for the high elementary 5th thru 9th grade maybe. I am going to give it a five star because it is a good resource for those kids.

Dictionary Thesaurus for home, school, and office includes full color wolrd atlas and 50 US State maps.
