more. Not really up to date on the Hebrew language of today. Hebrew words and pronunciation is not quite updated. If you know a little Hebrew or more of, you will figure out how to use this dictionary. It's one of the best I have found so far today. Most do not have the info like this particular dictionary. If you want to know an English word for a Hebrew meaning it's great. Though I wish it had more. It's really hard to find a Hebrew to English or English to the Hebrew dictionary like this one. Bought an Oxford dictionary and it's not like this one. If you're just learning Hebrew this may be a helpful tool. Hopefully Webster will make an updated version. 0 of 0 people found the following review helpful. Happy with The Hebrew By Yosef Ben Yochanan Shimon My friend who received this as a gift has not stopped thanking me for the book. I think he likes it a great deal. 1 of 1 people found the following review helpful. Five Stars By boba

This innovative dictionary makes the Hebrew language more accessible to students by eliminating the formidable barrier of the Hebrew alphabet. It's easy to locate words quickly with the Webster's New World Hebrew-English Dictionary, because the Hebrew-to-English section is alphabetized according to the transliterated English spelling. The English version is marked for correct pronunciation and followed immediately by the Hebrew spelling of the word. This breakthrough work of linguistic scholarship is packed with useful features that guarantee rapid progress, even for those with no familiarity with the Hebrew language. It contains: * Extensive grammatical information including parts of speech, variant verb forms, and the formation of feminines and plurals * Listings of idioms and compounds and indications of colloquialisms and slang * Common variations in pronunciations * Geographical, historical and cultural entries
