Webster's New World Italian Dictionary By Zackattack123 Like many Webster's dictionaries this Italian-English, English-Italian dictionary is a great resource to have on hand. I bought it for my Italian language course I will be taking in school and it has also helped me in self study on my own. Personally I would recommend this dictionary in conjunction with another method for learning Italian (or any other language for that matter) and not to solely depend on this dictionary to learn Italian, but I suppose you could if that's your style of learning. Highly recommended. 0 of 0 people found the following review helpful. I am happy to say that his end of the year grade ... By Patricia Redden This was a gift for a student who was taking Italian 1 in school, I am happy to say that his end of the year grade was great! 3 of 3 people found the following review helpful. Perfect for basic as well as obscure words and phrases By Alexis SI purchased this in addition to a second pocket-size/travel friendly dictionary and the two of them together have made all the difference. I'm glad I didn't assume I would find everything out of one. I take this one to class and have it next to me to do homework {it doesn't claim to be a travel dictionary} and have found obscure or infrequently used words in here that seem to show up on my homework but not found in my textbook dictionary. This plus the Bantam Italian-English dictionary plus the Barron's 501 Verb book have all been invaluable. Don't expect everything from any one foreign language reference book and you won't be disappointed as I inferred from numerous reviews who seemed dissatisfied not finding a one-size-fits-all book.

Compiled in collaboration with a team of expert linguists, the Webster's New World concise bilingual dictionaries are the perfect choice for beginning students and advanced speakers as well. Comprehensive and authoritative (yet clear and concise), the dictionaries offer a full array of features, as well as wide-ranging coverage of expressions. Long-standing favorites in hardcover, the dictionaries will continue to be standard references for years to come.
