possibilities and opportunities to spell English words wrong approach the infinite! It's not bad for an "on the go" reference, but will not suffice as an office reference. This book has, perhaps nine or ten thousand possible misspellings in a language where there are (Dare I say?) millions of misspelling pitfalls. 1 of 1 people found the following review helpful. not happy with it! By barbara b tucker I've had two others before and there is no comparison. not as many words as you would expect. I immediately found that the word I wanted was not included. commonly misspelled words. I have no need to know the misspelling of the word along with the correct spelling. space could have been better used. sorry I chose the wrong one among the ones available at .com barbara tucker 0 of 0 people found the following review helpful. Cute By D. Strauss So much fun to have. Very small, has the most common misspelled words. I remember my mother buying this for me, now I just bought it for my ten year old.

Here's the perfect answer to the question "How can I look it up in the dictionary if I can't spell it?" Created by the editors of Webster's New World, this handy dictionary alphabetically lists the most common misspellings of more than 15,000 frequently used words, and gives the correct spellings in easy-to-read boldface type. Brief definitions help distinguish among the different meanings of many words. Readers are aided by syllable divisions that make it easier to remember the correct spelling, tips on becoming a better speller, and useful advice on avoiding common causes of misspellings. Easy-to-read page design helps readers quickly find the information they need. And now, many new words have been added, including many difficult technology terms, to make this the most up-to-date misspeller's guide available.
