As for the paper-back book itself this cheaply-made product is already coming apart at its spine. I'll try gluing it back together but I wouldn't buy another of this cheap issue printed by Craftline Graphics of Ft. Wayne. Indiana. 0 of 0 people found the following review helpful. It's a rhyming book with lots of options. By K Doran Bought this for my classroom as all students believe poems should rhyme. They like it. 0 of 0 people found the following review helpful. Great product, great price! By Melissa Dalton I'm embarrassed that I didn't know this type of product existed until a few months ago. This is so helpful, and I'm going to order more for my students to use in the classroom!
