Maps By WALTER J KOCHER JR Excellent maps of the major battles of the Civil War!

This campaign-by-campaign account of the Civil War examines the economic, social, political, and military aspects of this turbulent period.

"Excellent...the strength of the books is in the operational military history, and they present well-argued evaluations of the wars' commanders and campaigns." (Library Journal) About the Author These titles were developed and written by the faculty of the United States Military Academy at West Point. Weaving the complexities of individual historical conflicts into a broader perspective, these books chronicle the turbulent periods of civilization. Utilizing their expertise as scholars and soldiers, the authors shed light on the crucial events and factors that shaped the execution of the world's great military campaigns. Photographs, illustrations, and maps of the campaigns thoroughly researched for historical accuracy are either included in the books or available as companion atlases. Each volume focuses on a specific era of warfare, bringing you into the thick of battle with a clear and accurate picture of men at war.
